

13.06. Dispensary/prescription reports

Others

There are other transaction reports that specifically deal with prescriptions and prescribers. Please see the transaction reports page ([13.03. Transaction reports](#)) for details on how to run these. They are selected in the *Type of report* drop down list on the transaction reports options window, these are the types available:

- Prescription and general issues over time
- Prescriber report
- Dispensing with patient name and prescriber
- Prescription report based on transaction categories
- Prescriptions by patient type report
